**CAMBRIA COUNTY/JOHNSTOWN MPO  
PUBLIC PARTICIPATION PLAN - UPDATE  
FY 2011-12**

**INTRODUCTION**

Cambria County's Public Participation Plan (PPP) was initialized in April of 2007 and incorporated into the Johnstown MPO's 2007-2035 Long Range Transportation Plan Update. The PPP was a public involvement mandate as part of the Safe, Accountable, Flexible, Efficient Transportation Equity Act (SAFETEA-LU). The PPP enhanced the Johnstown MPO's existing public participation efforts and expanded its Environmental Justice Planning activities to include the participation of "Interested Parties" as per SAFETEA-LU regulations. The Public Participation Plan was adopted and made a part of the Johnstown MPO's Long Range Transportation Plan 2007-2035 Update in July of 2007.

**BACKGROUND**

The Johnstown MPO's Public Participation Plan is first and foremost a plan that provides all persons, regardless of race, color, or national origin, the opportunity to participate in the planning and development of transportation programs and projects. The Plan's overall intent and purpose is to provide a public forum for those "Interested Parties" and environmental justice groups that have been traditionally overlooked during the transportation development process. This group includes minority populations, low-income families, non-English speaking and persons with limited English proficiency, the elderly, persons with disabilities, truck freight shippers and haulers, public and private transportation systems, and rail freight haulers.

The Johnstown MPO will coordinate and integrate its public involvement agenda with the Federal Highway Administration (FHWA), Federal Transit Administration (FTA), the Pennsylvania Department of Transportation (PennDOT), the Cambria County Transit Authority (CamTran), and with the 63 municipal governments that comprise Cambria County. The State DOT is using the STIP Process to satisfy the POP Process. It is the State's responsibility in the planning process for the development of the STIP and the annual listing of projects.

**PURPOSE**

The overall purpose of the Johnstown MPO's Public Participation Plan Update is to address the desired "Future Planning Efforts" agenda for continued public participation in the transportation planning process. The future efforts are designed to improve the overall possibilities for greater public

involvement by "Interested Parties" in the planning and development of transportation projects and programs. The PPP update is also intended to help meet SAFETEA-LU guidelines for the on-going monitoring and evaluation of the Johnstown MPO's Public Participation Plan.

### **Environmental Justice Planning**

The Johnstown MPO initiated Environmental Justice (EJ) transportation planning activities in 2002 pursuant to Executive Order #12898. This federal initiative is intended to allow minorities and low-income populations the opportunity, throughout the planning process, to review and comment on the region's transportation projects and improvements seeking federal funding assistance. Since this initial effort, the MPO has continued to expand upon specific EJ program requirements and to incorporate this effort into its future transportation planning agenda on a yearly basis.

The Johnstown MPO has made a concerted effort to insure that identified EJ population groups are notified and given the opportunity to provide public input in the development and implementation of transportation programs and projects. This public involvement in the transportation planning process is incorporated into the MPO's Unified Planning Work Program (UPWP) and Transportation Improvement Program (TIP) on an annual basis.

### **SAFETEA-LU Planning**

The Johnstown MPO will incorporate the expanded SAFETEA-LU requirements for "interested parties" into the EJ planning process as part of the Public Participation Plan. This will include expanding the existing EJ contact listing to include SAFETEA-LU "interested parties" and will add the following population groups and/or agency representatives to the Johnstown existing EJ contact mailing list: the elderly, the disabled, the limited English proficient, truck freight shippers and haulers, private transportation providers, representatives of public transportation systems, and rail freight haulers.

## PPP Update Activities

The FY 2011-12 Public Participation Plan Update will address the following planning efforts in order to expand the involvement of "interested parties" and Environmental Justice Groups in the Johnstown MPO's transportation planning process:

<u>Planning Activity</u>	<u>End Product</u>
* Promote the participation of Interested Parties and EJ Groups in the transportation planning process	* Provide Interested Parties and Environmental Justice Groups with MPO meeting notices, agendas, and planning materials.
* Consult Interested Parties early on if a transportation project has the potential to impact their community	* Send project information packet to Interested Parties and Environmental Justice Groups; Schedule meetings and workshops as necessary.
* Create a demographic profile for the MPO's elderly population (Age 65 and Over). Base Year 2010	* Develop municipal and neighborhood elderly population tables and GIS mapping. Address narratively.
* Create a demographic profile for the MPO's minority population (Population by Race). Base Year 2010	* Develop municipal and neighborhood minority population tables and GIS mapping. Address narratively.
* Update Environmental Justice Contact Mailing List. Add representatives of "Interested Parties" as per SAFETEA-LU.	* Develop an updated Contact Mailing List. Include agencies representing the Elderly, Disabled, Limited English Proficient, Freight/Truck Haulers, and Rail Freight Providers.
* Engage future Interested Parties in transportation projects and programs	* Identify potential new groups and seek their representation in the planning process.
* Monitor and evaluate the Public Participation Plan on an annual basis.	* Make adjustments as necessary to meet SAFETEA-LU requirements.

## DEMOGRAPHIC PROFILES

- The Elderly

The elderly population in Cambria County by municipality is presented on Table 1. Table 2 shows a breakdown of the elderly at the neighborhood level within the City of Johnstown. In 2010, the U.S. Census tabulated 27,071 people aged 65 and over. This figure represented 18.8% of the County's total population. The City of Johnstown's elderly population makes up 18.5% of its population total.

The highest concentration of senior citizens in 2010 was in Lower Yoder Township, where 29% (783 total) of its residents are 65 and over. Within the City of Johnstown, the Central Business District (CBD) recorded an elderly population of 571 residents or 46% of the neighborhood's population. The lowest percentage of elderly (235 or 8.2%) reside in Allegheny Township. In the 2010 Census, Cambria County had a higher senior citizen population (18.8%) than Blair County (17.7%), Centre County (11.3%), and the State of Pennsylvania (15.4%).

- Minority

Cambria County's minority population is presented on Table 3 for the 63 municipal governments. Table 4 presents the corresponding data for the 14 neighborhoods that comprise the City of Johnstown. In 2010, the County contained 10,479 minority residents, which represented 7.3% of the County's overall population. In Johnstown, 4,846 residents or 23% of City residents were minority in 2010.

The largest concentration of minority individuals by percent of total was recorded in the City of Johnstown (23.1%) and Allegheny Township (22.5%). The relatively high percentage of minority population in Allegheny Township is due to the presence of a federal correctional facility. The lowest percentage for minority status was 0% and was recorded in Daisytown Borough, Chest Springs Borough, and Tunnelhill Borough. Cambria County's non-white minority population (7.3%) was lower than the State of Pennsylvania (15%).

## INTERESTED PARTIES CONTACT LISTING

In 2002, the Johnstown MPO incorporated Environmental Justice (EJ) planning into its transportation planning process. This initial EJ public participation effort provided an opportunity for minorities and low-income populations to comment on the development and implementation of transportation projects and programs. Minority and low-income population groups were

tabulated and mapped by municipality and by neighborhood for the City of Johnstown.

Subsequent to this demographic determination, the Johnstown MPO compiled an EJ contact mailing list of agencies and organizations within Cambria County that represented minority groups and low-income populations. The contact listing was geared to Cambria County's various health and human service agencies that provide assistance to minorities and low-income residents. The EJ listing was updated annually as part of the MPO's public participation policy.

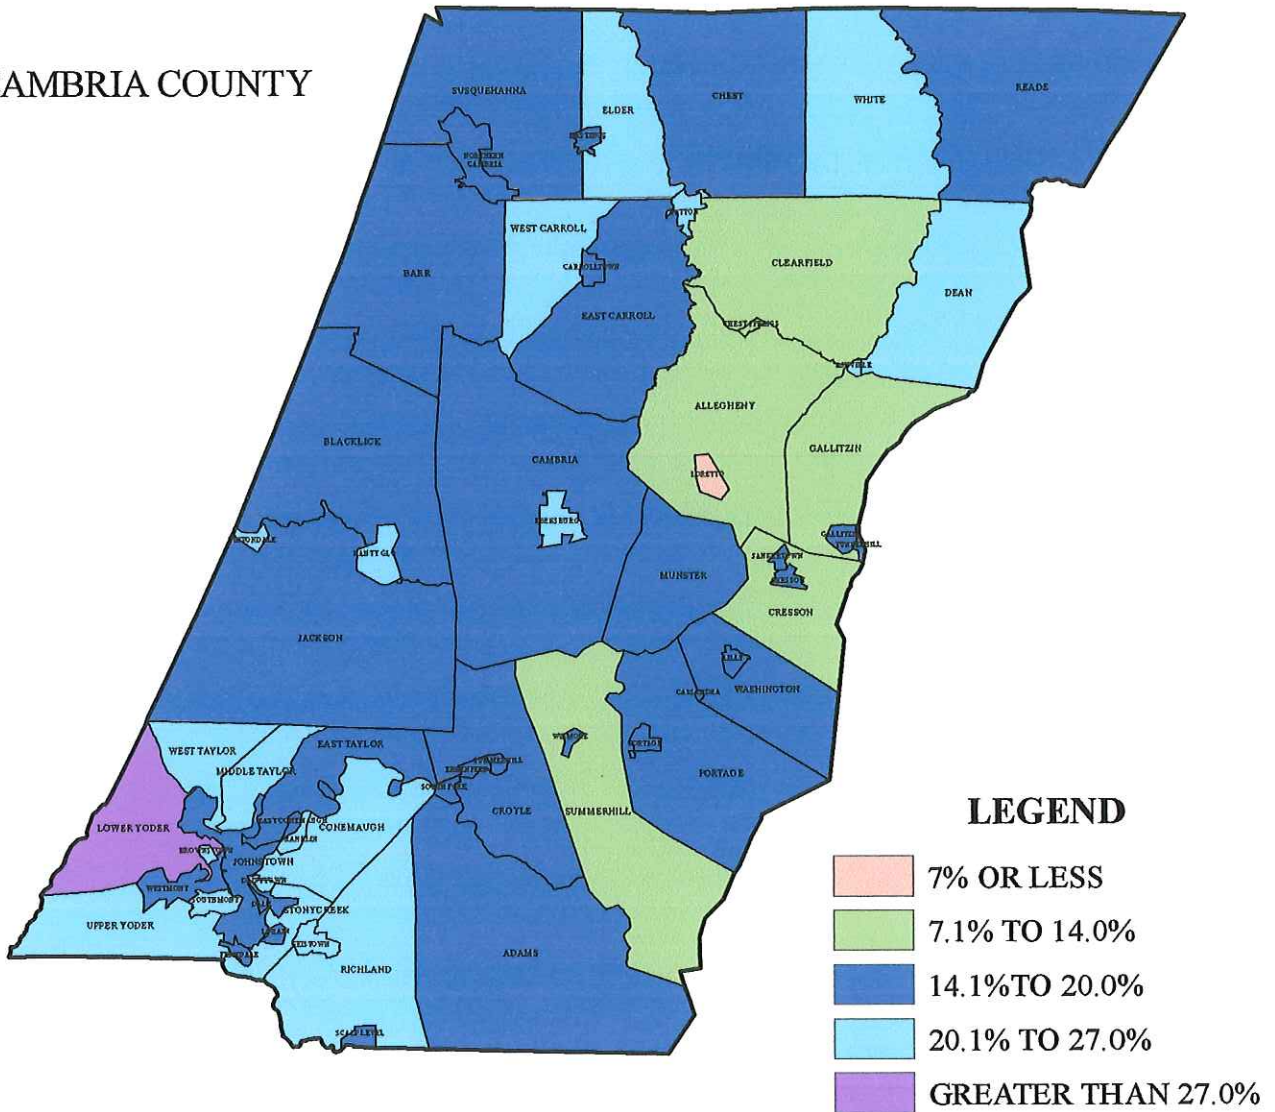

The new SAFETEA-LU transportation requirements expanded the EJ minority and low-income populations to include "Interested Parties." The elderly, disabled, and limited English proficient populations have been identified in the MPO's Public Participation Plan (PPP). As part of the 2007-08 PPP update, the EJ contact mailing list was expanded to include a representative listing of "Interested Parties" in Cambria County. Exhibit I presents the Johnstown MPO's revised contact listing for the 2011-12 Public Participation Plan.

#### FUTURE PLANNING EFFORTS

The Future Planning Efforts section of Johnstown MPO's Public Participation Plan (PPP) is designed to provide a format for monitoring and evaluation the PPP on an annual basis. The MPO will include this process as part of its yearly Unified Planning Work Program (UPWP). This on-going planning effort will be incorporated into the Johnstown MPO's Long Range Transportation Plan. It is hoped that the annual updating of the Future Planning Efforts will help in insure greater public involvement for all residents in Cambria County with special attention paid to groups representing both "Interested Parties" and Environmental Justice.

**SOURCE:** 2010 U.S. Bureau of Census, Redistricting Data (Public Law 94-171) Summary File  
Data compiled by the Cambria County Planning Commission; January, 2012.

**NOTES:**

**Some Other Race -** Includes all other responses not included in the "White," "Black or African American," "American Indian and Alaska Native," "Asian," and the "Native Hawaiian and Other Pacific Islander" race categories described above. Respondents providing write-in entries such as multiracial, mixed, interracial, or a Hispanic/Latino group (for example, Mexican, Puerto Rican, or Cuban) in the "Some other race" category are included in this category.

**Two or More Races-** People may have chosen to provide two or more races either by checking two or more race response check boxes, by providing multiple write-in responses, or by some combination of check boxes and write-in responses. The race response categories shown on the questionnaire are collapsed into the five minimum race groups identified by the OMB, and the Census Bureau "Some other race" category. For data product purposes, "Two or more races" refers to combinations of two or more of the following race categories:

- \* White
- \* Black or African American
- \* American Indian and Alaska Native
- \* Asian
- \* Native Hawaiian and Other Pacific Islander
- \* Some Other Race

**SOURCE:** U.S. Census Bureau, Profile of General Population and Housing Characteristics: 2010

**NOTES:**

\* Dale Borough is not part of the City of Johnstown, but is grouped together with Walnut Grove by the Census Bureau in Tract 135. The population of Dale Borough has been subtracted from the total population numbers for the City of Johnstown.  
 Includes all other responses not included in the "White," "Black or African American," "American Indian and Alaska Native," "Asian," "Hispanic or Latino," and the "Native Hawaiian and Other Pacific Islander" race categories described above. Respondents providing write-in entries such as multiracial, mixed, and interracial in the "Some other race" category are included in this category.  
 People may have chosen to provide two or more races either by checking two or more race response check boxes, by providing multiple write-in responses, or by some combination of check boxes and write-in responses.
